

Virtual Practice Services

Why Benchmark?

“By utilizing Benchmark, we can rest assured that we can focus on our patients and not have to worry about the financial side of managing a busy practice.”

Barbara Parks, MD
First Health Medical Practice

Virtual Practice Management

Managing the business of your medical practice can get in the way of practicing medicine. That's why Benchmark offers an array of Virtual Practice Management Services to lighten or completely eliminate the burden of the business side of your practice.

Benchmark understands the evolving challenges that healthcare providers are facing today. For over 30 years, we've worked with thousands of physicians, executives and administrators to address time and practice management issues that can impede care and undermine revenue growth. Our experts have the tools, technology and know-how to help you provide the highest quality patient care while boosting your bottom line. Let our polished professionals answer phones, schedule services as well as oversee billing and collections. Allow our certified coding and insurance experts to handle claims submissions, eligibility verifications, denial management and follow-ups. Experienced CPAs are on hand to manage all aspects of accounting. You'll finally have more time to spend with your patients, friends and family - and the energy to expand your practice without hiring and training additional staff.

With Benchmark Virtual Practice Services, you gain visibility and retain control. Our industry experts take time to understand your current challenges, but you pick and choose the services that make the most sense for your practice. Regardless of the back-office tasks we take on, you maintain anywhere, any time access to your critical data. Plus, you'll receive monthly reports and set scheduled management meetings to ensure that we're doing all we can to optimize efficiencies and increase your revenue potential.

Want to eliminate the hassles of practice management? Experience extraordinary operational efficiency? Ensure compliance and drive revenue growth? Get back to the business of growing your practice and providing the highest quality patient care with Benchmark Virtual Practice Management Services.

Rely on Benchmark Virtual Practice Management

Private practices, medical centers, hospitals and clinics rely on Benchmark's Virtual Practice Management Services to:

MANAGE THE MUNDANE

Free yourself and your staff from mundane back-office tasks. We're here to answer phones, provide data entry, schedule patient appointments and even run your payroll. Tedious paperwork, billing and collections, posting payments, insurance coding and account management become the responsibility of our knowledgeable and courteous staff members so you can redirect your valuable practice resources toward patient care, practice growth and even strategic innovation.

ENHANCE REVENUE

Our certified insurance experts and CPAs are focused on enhancing revenue for your practice. Aside from accelerating payments, handling insurance claims and denials along with end-to-end accounting tasks, we assess your current revenue performance and find operating processes, controls and opportunities to capture and generate more revenue for your practice.

NAVIGATE SHIFTING REGULATIONS

Understanding and responding to complex and continually shifting rules and regulations can quickly consume your time and resources. Benchmark has on-staff experts who monitor the marketplace, government agencies and more to be sure that your practice is continually in compliance and ready to react to changing dynamics. From HIPAA to the HITECH Act, P4P and more, Benchmark ensures complete compliance with healthcare and insurance agency rules and regulations as well as enrollment in the emerging programs that can benefit your practice.

BENCHMARK SUCCESS

Benchmark provides the complete visibility and proves our effectiveness by benchmarking your practice's financial success against practices of the same size and specialty. Coupled with in-depth data analysis, comprehensive reporting and joint management meetings, our measurable assessment capabilities give you the insight to see just how well we're working for you - and how well your practice stacks up against the competition.

Experience a Legacy of Success

As a CCHIT certified vendor, Benchmark has the experience and expertise to help you significantly lower expenses while improving patient care with our flexible advanced technology and superior customer service. Visit Benchmark-Systems.com to learn more or contact us to join the thousands of physicians in over 120 specialties who use Benchmark's integrated solutions, including Virtual Practice Management Services, every day.
